

REFERENCES

(Sample)

1. **Research Paper:** Name of Authors, Title, Journal Name, Volume (Issue), Page Number, Year.

Example: Thiele A.M., Sant G., & Pilon L. Diurnal thermal analysis of microencapsulated PCM- concrete composite walls. *Energy Conversion and Management*, 93(3), 215–227, 2015.

2. **Book:** Name of Author, Book Name, Publisher, ISBN, Year.

Example: Ibrahim D. and Marc A. *Thermal Energy Storage Systems and Applications*, 2nd Edition, A John Wiley and Sons, Ltd., Publication, ISBN XXXXXXXXXXXX, 2011.

3. **Edited Book:** Name of Chapter Author, Title, Page Number, Editors Name, Book Name, Publisher, ISBN, Year.

Example: Sharma S.D. and Sharma A., *Solar Thermal Energy Storage: A Review on Latent Heat Storage Materials and Applications*, *Advances in Solar Energy Science and Engineering*, Vol. 2, 171-234, Editors: H. P. Garg and S. K. Singh, Today & Tomorrow's Printers and Publishers, New Delhi - 110 002, India, ISBN XXXXXXXXXXXX, 2016.

4. **Reports:** Report Name, Committee/Organization, Year.

Example: National Electricity Plan U/S 3(4) of Electricity Act 2003, Volume 1, Government of India Ministry of Power Central Electricity Authority, January 2012.

5. **Website:** Link of Website, Year of access of Website.

Example: <http://www.cristopia.com/english/project/yokohama.html>, 2017.

6. **Proceedings:** Name of Authors, Title, Name of Proceedings, Volume (Issue), Page Number, ISBN, Year.

Example: Sawhney R. L., Sharma A. and Thanu N.M., *Earth Air-Pipe Air Conditioning Systems-Sensitivity Analysis*, *Renewable Energies and Energy Efficiency for Sustainable Developments*, Proc. 23rd NREC-99, Editors, Sawhney R.L. and Gautam R.P., 23, 313-316, ISBN XXXXXXXXXXXX, 1999.
