A WORLD-CLASS

EDUCATION

We are a beacon of learning and innovation, investing in the future, providing an outstanding experience for our exceptional students and staff.

ABOUT US

Suresh Gyan Vihar University (SGVU) is a multifunctional research-intensive university that generates and disseminates state-of-the-art knowledge in numerous disciplines of higher education with an emphasis on the holistic development of all its stakeholders. With more than 230 experienced faculty members, the university offers courses in agriculture, engineering, management, pharmacy, hotel management, education, sciences, liberal studies, and mass communication. It provides learning that stimulates, challenges, and fulfils the potential of outstanding students from all over the world, resulting in personal growth, meaningful employment, and significant contributions to society. The university's innovative and cutting-edge user-oriented research programmes are internationally known and have made a substantial contribution to Rajasthan's growth. Established in 2008, it is NIRF ranked in the rank band 151-200 (for three consecutive years 2021, 2022 and 2023), NAAC 'A' (2017-1st cycle), Jaipur's first NBA-accredited university (2008) with accreditations and approvals from ICAR, PCI, RCI, BCI, NCTE, AICTE and UGC-DEB. With its prime location at the Mahal, Jagatpura, Jaipur, it offers facilities like 24x7 WIFI, gymnasium, cafeteria, open air theatre, auditoriums, central library with e-resources, and all types of indoor and outdoor sports facilities.

Your passion
could become
your life's work

Aim

Our aim at SGVU is to teach and research both the theoretical and practical aspects of education in different disciplines to nurture professionals who are both knowledgeable and experienced. We aim at the transformation of students into most humanistic professionals and leaders of tomorrow.

Objectives

Our core objective is to use our ethics for education and culture we inherited from our predecessors to nurture educated and knowledgeable human resources equipped with the expertise for forming the next generation as well-rounded human beings who are committed to society to provide sustainable solutions. Our graduates embrace their role and purpose as a future-maker—for our state, our nation, and our world.

Vision & Mission

To create a university with a different perspective: innovative research-driven academic programs; engaging & retaining outstanding faculty; providing world-class, yet affordable, education in various areas of study, and thus to develop highly qualified and globally competitive professional experts capable of understanding the challenges of rapidly changing world and contributing to the evolution of society based on human values and peaceful co-existence.

To provide world class education in a wide spectrum of fields through effective and efficient processes so as to make it accessible to all sections of society that will best serve the Nation and mankind in the 21st century.

HISTORICAL BACKGROUND

Sahitya Sadawart Samiti

Sahitya Sadawart Samiti is one of Jaipur's first educational institutions, founded with the goal of combining traditional principles of teaching with modern pedagogy. Shri Kamlakar 'Kamal' and a young Acharya Shri Purushottam 'Uttam' started his philosophical journey in the year 1938 and founded SAHITYA SADAWART which means "unrestricted and all-pervasive transmission of knowledge". These two academicians took on the monumental challenge of bringing education, free thought, and liberal principles to the people who belonged to the financially weaker sections of society or were facing discrimination due to cast, creed and gender inequality.

The Foundation Years (1950-1971)

With very little monetary support, the founders of Sahitya Sadawart Samiti poured their hearts, minds, and spirits into laying the principles for an edifice that actually transformed the path of an entire generation in Jaipur. With the arrival of the mid-1950s, the learning centre was upgraded into school to provide formal education to children, adolescents, and adults in the newly constituted state of Rajasthan. Acharya Shri Purushottam 'Uttam' gained the title of 'Acharya' being identified as the archetypal teacher in the years to come.

The Transformational Years (1975-1993)

With the creation of Sahitya Sadawart School, our founder Late Shri Suresh Sharma began his career as an educator and social entrepreneur. His impact on Jaipur's educational system would be seen for years to come, as he founded schools dedicated to the education of women and under-privileged students. He also played an essential role in the education programmes throughout the transformational years for development in Rajasthan as a stalwart of the congress party.

Beginning of Gyan Vihar School (1994)

On February 19th, 1994, Acharya Purushottam and Shri Suresh Sharma laid the foundation stone for Gyan Vihar. It redefined the school education in Jaipur and has evolved into the most well-known schools of Jaipur the Gyan Vihar School- Malviya Nagar. It took a concerted effort to bring together the finest of traditional and modern teaching approaches and established an environment where children could learn and "fly free".

Bringing Technical Education to Rajasthan (2000)

Gyan Vihar decided to open a technical education institution to serve students on a national scale in 2000, and the Gyan Vihar School of Engineering and Technology was established on 32 acres of land within Jaipur City's municipal borders. This new establishment was developed to adapt and apply modern technologies and scientific innovations in the field of technical education.

Gyan Vihar as a University (2008)

Gyan Vihar University was established by Government of Rajasthan Act No. 16 of 2008, passed in the state Assembly of Rajasthan, giving it the status of 'State Private University'. The approval was released by the University Grant Commission for establishment of the University and empowered it to award degrees as specified by the UGC U/S 22 of UGC Act 1956.

Ongoing Journey towards Excellence (2017-2023)

Within the ten years of its establishment, Gyan Vihar became the first private university in Rajasthan to receive NAAC accreditation with grade 'A'. With the hard efforts of the staff, administration, and students, university further achieved the reputed approvals and accreditations from PCI, ICAR, BCI, NCTE, UGC-DEB, RCI and NIRF ranking for three consecutive years in the rank band 150-200. In addition to this, School of Pharmacy also secured 59th NIRF rank (2023).

DISCOVER A PLACE OF POSSIBILITY.

A place where academic excellence is built on 73 years of history and heritage. A place where you'll be supported to maximise your potential. A place bursting with career opportunities, where your money goes further.

This is a place like no other. This is Suresh Gyan Vihar University, Jaipur

UNIVERSITY CAMPUS

**130-acre
Area**

**State of
the Art
Infrastructure**

**Research &
Innovation
Ecosystem**

SGVU boasts a lavish 130-acre lush green campus with 80% green coverage and 20% infrastructural structures, to provide the best academic facilities in terms of state-of-the-art ICT enabled Lecture Theatres, Smart Classrooms, Laboratories, Seminar Halls and Auditoriums, Open Air theatre, Cafeteria for unrivalled Educational, Cultural, and Community Learning Experience. All the schools and departments are well equipped with e-learning facilities and student support system. Our recording studios facilitate effective online lecture delivery as well as e-content development for our students. University also includes facilities of Agriculture farm, hydroponics, poultry farming, goatry, fishery, poly house, central instrumentation facilities, animal house, moot court, advance research laboratory for batteries testing and hydrogen storage, solar power plant, and weather station. The central library, known as House of Wisdom is one of the largest libraries in North India, with a ground floor plus four levels of reading space and a conference room. It has 500 seats and is completely automated through Koha Library Management Software. On and off campus, the library provides several e-resources and subscriptions (online databases, journals, and e-books).

WORLD CLASS FACILITIES IN UNIVERSITY CAMPUS

- SEMINAR HALLS AND AUDITORIUMS
- OPEN AIR THEATRE
- RECORDING STUDIOS
- AGRICULTURE FARM
- HYDROPONICS
- POULTRY FARMING
- FISHERY, POLY HOUSE
- ANIMAL HOUSE
- MOOT COURT
- ADVANCE RESEARCH LABORATORY
- SOLAR POWER PLANT
- WEATHER STATION
- ENTRAL LIBRARY

WORLD
CLASS
FACILITIES

Temple

Open Air Theatre

Seminar Halls and Auditoriums

ACCREDITATIONS AND APPROVALS

Suresh Gyan Vihar University is incorporated by the Government of Rajasthan vide Suresh Gyan Vihar University Jaipur Act 2008 (Act no 16 of 2008) and Established through an extraordinary gazette notification on 21 April 2008. The University is entitled to conduct various courses at UG, PG and Doctoral level in the disciplines described in schedule II of the Act.

ACCREDITATIONS
AND APPROVALS

LEADERSHIP & GOVERNANCE

Mr. Sunil Sharma, Chancellor of Suresh Gyan Vihar University, has been associated with the Institution from the juncture of its dawn in the year 2000. He has been responsible for nurturing and tending it from its very early beginning. He has dedicated a considerable amount of energy and almost all his time in the administration for a smooth running of discrete educational institute integument the whole framework from the undergraduate to the postgraduate levels. Apart from being the Chairman of the Gyan Vihar Universe, he is also the Vice President of Sahitya Sadawart Samiti and various important portfolios of assorted non-governmental educational organizations. He has emerged as an invaluable and responsible asset for being a rare resource person for value-based and ethical leadership.

The uniqueness of Gyan Vihar will be evident as you read through these pages. We cherish success of our university in the success stories of our alumni and students. All of our educational programmes, offer learning in a wide range of fields and lead to a bright career of our students. Here in Gyan Vihar, we also include these educational experiences with the inculcation of ethical & moral values in the young pupils so that they just don't become a successful engineer, scientist, industrialist, entrepreneur, pharmacist or teacher but whatever path they opt in life, they prove themselves as a successful individual at all the fronts of family and society. At the core of this approach is our commitment to values which have characterized Gyan Vihar since its inception in 1994. We believe that success in career is important, but so is success in life. In addition to providing superior knowledge, skill development and opportunities to gain hands-on experience, education at Gyan Vihar is permeated by values. From the very beginning of our mission, we have been focussing on the holistic development of our students so that they can contribute to the development of society and nation. I urge you to explore this information and learn more about our approach to achieving the highest possible quality in higher education while functioning ethically and with a strong commitment to high principles as a successful career plan.

Mr. Sunil Sharma
Chancellor
Suresh Gyan Vihar University

LEADERSHIP & GOVERNANCE

Dr. Sudhanshu has 30+ years of expertise in managing and administering a variety of educational organisations, specialising in undergraduate and postgraduate degrees. He has been an original thinker, a terrific motivator, and a highly capable and skilled administrator with an insatiable capacity for labour. He is fully committed with all his time, effort, and energy for the development of every aspect of the university including academics, infrastructure, on-campus facilities, placements, along with the management of the university's smooth regular operations.

FROM THE DESK OF HON'BLE CHIEF MENTOR

We focus on working with people who are committed to being holistic professionals with well-developed leadership abilities, from the selection process through the classroom and beyond. We choose the brightest and most ambitious applicants who understand the need of balanced preparation and then devote ourselves completely to their achievement.

Gyan Vihar has a well-deserved reputation for being a curriculum pioneer. We recognise the distinction between notions whose relevance may fade over time and the ability to think and solve problems logically as well as analytically while adhering to high ethical standards. As leaders and providers of critical feedback, our students are involved in every element of our programmes. Their feedback allows us to ensure that we are meeting their requirements and achieving their goals. They help to create our curriculum while also honing their leadership abilities, which complements what we teach.

Our constant endeavour is the capacity building in the fields of teaching-learning, research, consulting, and innovation so as to maintain the university's academic portfolio current and effective. The University is dedicated for building and maintaining world-class facilities, as well as developing knowledge in frontier areas of human understanding, all while keeping social requirements in mind. We provide a variety of possibilities and suitable assistance to the young kids who enter our programme in order to help them become self-sufficient, responsible, and mature citizens.

Dr. Sudhanshu
Chief Mentor
Suresh Gyan Vihar University

LEADERSHIP & GOVERNANCE

Professor Arunansu Haldar
(President)

Professor Arunansu Haldar is an accomplished individual with an impressive academic and professional background. His professional journey started with a graduation in Metallurgical & Materials Engineering from B E College, Shibpur presently known as Indian Institute of Engineering Science and Technology (IIST), Shibpur. He did his PhD from IIT Kanpur.

FROM THE DESK OF HON'BLE PRESIDENT

“Education is what remains after one has forgotten what one has learned in school.”

– Albert Einstein –

Today's world is changing at such a rapid pace that we, as educators, must take a step back and reflect on our entire educational system. The primary goal is to provide gifted students in rural areas with high-quality modern education that includes a strong component of cultural values, environmental awareness, and physical education, regardless of their family's socioeconomic status. A dedicated and supportive administration, dedicated teachers, and loving and cooperative parents all work together to make the university a student-centred institution. Higher education now aims to motivate and equip students to be lifelong learners, critical thinkers, and productive citizens of an ever-changing global society, in addition to pursuing academic achievement. SGVU provides an amalgam of scholastic and co-scholastic activities in order to transform each individual into a self-reliant and autonomous citizen.

Education entails not only the acquisition of information, but also the acquisition of values that enable us to better the various aspects of humanity. Education has a critical role in moulding an individual's personality into a healthy mind and happy soul capable of not only academic excellence but also of facing life's problems in a balanced and harmonious manner. As a result, education should serve as a catalyst in developing our youth into a well-rounded human being with his or her basic qualities anchored in learning experiences derived from our diverse socio-cultural heritage.

Prof. (Dr.) Arunansu Haldar
President
Suresh Gyan Vihar University

20 GOOD REASONS TO BECOME A GYANVIHARITE

1. **ALUMNI CONNECT**
Forge connections within a network of 20,000+ alumni members and involve them for curriculum design, student mentoring and internship, career counselling & support.

2. **CONTINUOUS INTERNAL ASSESSMENT**
Regular internal assessment to reflect the student progress throughout the semester and help them shape a better future with choice-based credit system.

3. **DYNAMIC STUDENT COUNCIL**
Empowering students by developing qualities of discipline, leadership, team working, problem solving, decision making and giving freedom to plan & execute activities of clubs, communities, and collegiate system.

4. **OUTCOME BASED EDUCATION**
Curriculum design, development & delivery targeting the set outcomes that best caters to the needs of the industry and keeps pace with the ever-changing academic environment.

5. **PROFESSIONAL ETHICS & COMMUNICATION**
Develop and enhance the employability by inculcating the professional ethics and effective oral & written communication.

6. **ENTREPRENEURSHIP DEVELOPMENT**
Develop young entrepreneurs in our incubation centres, able to manage and organize new business and innovative startups.

7. **FACULTY EMPOWERMENT**
Faculty development & empowerment by FDPs, research grants, financial support, and welfare schemes.

8. **GLOBAL OPPORTUNITIES & LINKAGES**
World-wide academic and research linkages, MoUs and collaborations fostering global exposure to faculty & students and attract foreign professional and admissions.

9. **ICT ENABLED TEACHING & LEARNING**
Smart Classrooms and Advance Learning management system (LMS@mygyanvihar.com) for ready access to the e-resources, tests, and assignments, reading materials & faculty support.

10. **STUDENT PROJECTS & INTERNSHIPS**
Develop problem solving skills & scientific temperament by project oriented practical labs and internship opportunities to earn credits and professional experience.

20-Point Mission

11. **THREE-TIER MENTORING**
Student mentoring at three levels- Peer mentoring by fellows, Personal Tutor system for full time faculty support and mentoring by alumni/industry mentorship

12. **LIBRARY AS A RESOURCE**
Vast collection of reference books, text books, competitive exam books, periodicals, journals, newspapers & magazines, e-learning resources, DELNET, e-SHODHSINDH, Superfast NKN Network with high-speed internet facility, comfortable and spacious reading areas, divyangjan-friendly books, e-content development facilities & MOOCs.

13. **PLACEMENT SUPPORT**
Dynamic Training & Placement Cell for professional trainings, internships, open & close placement drives and student progression to higher studies.

14. **RESEARCH & DEVELOPMENT**
Well Established Research Cell committed for steering research on cross-cutting issues, managing and supporting our bright research scholars and their supervisors.

15. **FITNESS & SPORTS**
Well-equipped Gymnasium and extensive infrastructure for all sort of athletics, indoor and outdoor games,

16. **MENTAL WELLBEING**
Enhancing the emotional, psychological, and social well-being of faculty & students to create a positive impact on how to think, feel, and act during stress.

17. **INTELLECTUAL PROPERTY RIGHTS**
Knowledge Creation leading to the publication and award of intellectual property rights (IPRs) like patents, copyrights, design and establishing innovation ecosystem.

18. **GENDER EQUITY**
Equal rights, responsibilities, and opportunities to all without any privilege, bias and other parameters promoting growth of all the stakeholders and creating societal awareness for a progressive future.

19. **SUSTAINABLE DEVELOPMENT GOALS**
UN- SDGs as thrust research area, adopting sustainable campus initiatives, spreading awareness on environmental issues.

20. **DIVERSITY & INCLUSIVITY**
Organizational frameworks & policies which seek to promote the fair treatment and full participation of all the sections of society.

GYAN VIHAR SCHOOL OF ENGINEERING & TECHNOLOGY

PROGRAM OFFERED

- B.Tech Mechanical Engineering
- B.Tech Civil Engineering
- B.Tech Electrical Engineering
- B.Tech. Computer Science & Engineering
- Bachelor of Computer Applications (BCA)
- M.Tech in Civil Engineering
- M.Tech in Environmental Engineering
- M.Tech in Transportation Engineering
- M.Tech in Electrical Engineering
- Master of Computer Applications (MCA)
- PhD in Engineering & Technology
- D.Sc. in Engineering & Technology
- M.Tech (by Research) Computer Science & Engineering
- M. Tech (by Research) Software Engineering
- M. Tech (by Research) Data Science
- M. Tech (by Research) Geoinformatics
- Diploma in Engineering (Electrical, Mechanical, Civil, Computer Science)
- Certification in Fabrication and Production
- Certification in Electric Hybrid Vehicle

OUR TOP RECRUITERS:

- Construction Firms – Unitech, DLF, Jaypee Associated, GMR Infra, L&T etc;
- Mechanical Engg. Firms – Hindustan Unilever, ACC Ltd, Voltas, etc;
- Electrical / Power Firms – Tata Power, BSES, Seimens, L&T, etc.;
- Communication Firms – Bharti Airtel, Reliance Communications, Idea Cellular, etc.;
- Computer Engineering Firms – TCS, HCL, Wipro, HP etc.;
- Automobiles – Maruti Suzuki, Toyota, TATA Motors, Mahindra, Bajaj Auto, etc.

Gyan Vihar School of Engineering and Technology

The School of Engineering & Technology was established in the year 2000, with a vision to develop technical professionals and leaders to create a significant hub for training technocrats in a national and international perspective. The major objective is imparting quality education in engineering disciplines. It offers a learning experience found in the most world class engineering institutions making engineering education extraordinary, producing skilled

GVSET offers a wide variety of diploma, undergraduate (B. Tech), postgraduate (M. Tech) and doctoral programmes in all engineering branches like Energy, Computer Science, Mechanical, Civil, Electrical and Electronics Engineering. GVSET has established a strong Industry links and collaborated with IBM, UpGrad, Amazon, Bosch Rexroth etc. to update the programs and as per the industrial needs like B. Tech CSE in specialization with Data Analytics (powered by IBM), B. Tech CSE in specialization with Artificial Intelligence & Machine Learning (powered by IBM), B. Tech CSE in specialization with Full Stack Development (powered by UpGrad), M. Tech in Cloud Computing & Security (powered by Amazon) etc.

Gyan Vihar School of Engineering and Technology (GVSET) were established with the objective of imparting quality education in engineering disciplines. The School offers a learning experience found in the most world class engineering institutions making engineering education extraordinary, producing skilled engineers and quality professionals. The aim is to provide best research experience to students and facilitate them with the sound knowledge of upcoming technologies with hands-on experience.

DEPARTMENT OF COMPUTER ENGINEERING AND INFORMATION TECHNOLOGY

Department of Computer Engineering and Information Technology

Department of Computer Engineering & Information Technology was established in 2000, presently offering B.Tech., M.Tech. and Ph.D. degree programs. In its pursuit of the mission, the department invests its efforts continuously in identifying the additional skills empowering programs that not only enhance the employability of the students but also equip them to successfully pursue their career path. A well-balanced team of faculty with a right mix of experience and energetic youth power creates a conducive environment needed for academic excellence in the overall development of the students as a professional.

Salient Features: Some of the key salient features of the departments are, Academic Tie up with samatrix.io for making the students more industry ready in reference to AIML; regular update of the student professionalism by imparting knowledge in diverse areas such as Machine Learning, Web Technologies, Web Semantics, Data Analytics, Computer Networks, Operating Systems, Database Management systems, Algorithms Design, Python, Android, Angular JS etc., State of art infrastructural facilities in terms of software and hardware to cater to the needs of the students and faculty alike, Industry-Institution- Interaction by organizing expert lectures at regular intervals with the experienced and expert practitioners from the industry, students are motivated and encouraged to participate in technical conference, seminars and FDPs both in the college as well as outside. Personality development of students, Industrial Training and Projects, Industry Institute Interaction and Industrial Mentorship are religiously done.

Laboratory Facilities: The Department of Computer Engineering & Information Technology is equipped with well-organized classrooms and Laboratories such as Software Engineering, Computer Programming Lab, Linux Lab, Computer Graphics, Multimedia Lab, Data Base Management System, Adv. Programming Lab, Machine Learning and Internet Lab etc.

Career Prospects: CSIT Engineering graduates explore promising opportunities in both the private sector and public sectors. Most importantly, there is an immense scope of CSIT Engineering to be employed in multinational companies like Tech Mahindra, Infosys, TCS, and Accenture etc as Database Developer, Applications Developer, Mobile Applications Developer, Data Security Analyst and Information Security Analyst. Ours Alumni's are working on international platforms as Marketing Intern- Residential Products at Eaton, Hamilton, Ontario; Senior Consultant at Publicis Sapient, Sydney, Australia; Lecturer at Peshgam Institute for Higher Education, Official, Kabul, Afghanistan; Training Consultant at NIIT, Dublin, Ireland, Data Analyst Intern at BMW, Toronto, Ontario.

Department of Computer Engineering and Information Technology

Department of Computer Engineering & Information Technology invests its efforts continuously in identifying the additional skills empowering programs that not only enhance the employability of the students but also equip them to successfully pursue their career path. Department is equipped with well-organized classrooms and Laboratories such as Software

Engineering, Computer Programming Lab, Linux Lab, Computer Graphics, Multimedia Lab, Data Base Management System, Adv. Programming Lab, Machine Learning and Internet Lab etc.

DEPARTMENT OF MECHANICAL ENGINEERING

Department of Mechanical Engineering :

Department of Mechanical Engineering deals with automobile, production, metallurgy, design, and managerial aspects to create techno managers of the future. The department has laboratory and workshop facilities with modern sophisticated equipment to carry out research in all areas related to Manufacturing & Industrial Engineering. The department has CNC XL turn machine, CNC XL mill machine & all basic machines used by the industry such as lathe, shaper, milling and power hacksaw etc. Apart from

these departments have fitting shop, carpentry shop, welding shop and foundry shop. These basic facilities are being supported by the instruments of metrology lab, CAD lab, RAC lab, CAM lab, HMT lab, vibration lab, DOM lab, etc to keep pace with the present time of quality enhancement.

Department of Mechanical Engineering

Department of Mechanical Engineering is established in year 2000 is a fully-fledged department offering B. Tech. M Tech and PhD. Mechanical engineering deals with automobile, production, metallurgy, design and managerial aspects to create techno managers of the future. The department has collaboration with external bodies for the training of the students to design software according to market demand and an impeccable placement record with alumni at various esteemed positions in reputed organizations both in the country and abroad. Courses offered at the mechanical department cover the needs of the wide range of industries like aerospace, manufacturing, defence, space, construction, nano-engineering, energy, environment, transportation and nuclear energy. The Department is contributing its best to train the brains and handon with the aid of well qualified and experienced faculties. The department has a committed, highly experienced and motivated team of faculty members.

Salient Features of Department: Industry oriented syllabus; Well-equipped and furnished laboratories; Develop industry oriented projects & upload on YouTube.; Average 100% students placed in each academic session; Some of our alumni are working in international organization like Indorama Fertilisers, Port Harcourt, Nigeria, MAHY KHOORY GROUP, Oman, Sky Light Pvt. Ltd. (Nepal), Apple, United States, Nordex SE, Germany, McDermott International, Ltd, Singapore, SUPERPIT.COM.AU, Australia, Lafarge Holcim, Canada, L&T Tech nology Services Limited, Padua, Veneto, Italy.

Laboratory Facilities: The department has laboratory and workshop facilities with modern sophisticated equipment to carry out research in all areas related to Manufacturing & Industrial Engineering. The department has CNC XL turn machine, CNC XL mill machine & all basic machines used by the industry such as lathe, shaper, milling and power hacksaw etc. Apart from these department have fitting shop, carpentry shop, welding shop and foundry shop. These basic facilities are being supported by the instruments of metrology lab, CAD lab, RAC lab, CAM lab, HMT lab, vibration lab, DOM lab, etc to keep pace with the present time of quality enhancement.

Career Prospects: Mechanical Engineering finds applications in all fields of technology. These engineers are required in automobile, chemical, electronics, steel plants, oil exploration and refining, technical wings of armed forces, space research organization, etc. Some of the key companies prefer Mechanical Engineers are Ashok Leyland Ltd, Bharat Heavy Electricals Ltd., Rajasthan Rajya Vidyut Utpadan Nigam, Daikin Air conditioning India Pvt. Ltd., Design 2 Occupancy, Bosch Limited, Maruti Suzuki, MNIT, Hettich India Pvt Ltd., Shriram General Insurance Co. Ltd., KP Reliable Technique India Private Limited etc.

DEPARTMENT OF ELECTRICAL ENGINEERING

Department of Electrical Engineering :

The Department has a Centre of Excellence in Automation which facilitates the sensor and automation lab. The Department organizes annual seminars, conferences, workshops, FDP's and other academic and non-academic activities for imparting skills and updating the students with cutting edge technologies. The department is enriched with all the necessary laboratories like the Power System Lab, Power Electronics Lab, Electrical Machine Lab, Electrical Drives Lab, PLC Lab, Measurement and Instrumentation Lab, Power System Modeling and Simulation Lab, Advanced Computer Based Power System, Digital and Analog Electronics Lab facilitated with the latest equipment to impart knowledge to relate the theories to practical fulfilling industrial requirements.

Department of Electrical Engineering

Department of Electrical Engineering was established in 2008, with the objective of imparting quality education in B Tech, M Tech and PhD. The Department has the Centre of Excellence in Automation facilitating the sensor and automation lab. A strong alumni network professionally working in great organizations makes us proud. Alumni of the department are invited for interactions with the students for sharing experiences. R&D of Industries are invited for consultancies along with their case studies to be shared with us for knowledge and research encouragement among students. The Department organizes annual seminars, conferences, workshops, FDP's and other academic and non academic activities for imparting skills and updating the students with cutting edge technologies. Join us and be a part of this emerging field with a lot of opportunities for a brighter future. Salient Features of Department: Placements are improvised with communication with several weekly sessions with experts. Personal interview and Group discussion sessions are provided to students. Technical knowledge Inclusions with practical knowledge in various laboratories are focused in the Department. Furthermore both hardware and software facilities are provided for research scholars. More than 100 Papers have been published by department in reputed peer reviewed journals of SCOPUS/WoS/UGC Care. Faculties and students are regularly motivated and awarded for their impactful work for Department and Society. Seed Money are granted for Projects and research as and when required by the department to students and faculties resulting several Patents and Copyrights.

Laboratory Facilities: The department is enriched with all the necessary laboratories like the Power System Lab, Power Electronics Lab, Electrical Machine Lab, Electrical Drives Lab, PLC Lab, Measurement and Instrumentation Lab, Power System Modeling and Simulation Lab, Advanced Computer Based Power System, Digital and Analog Electronics Lab facilitated with the latest equipment to impart knowledge to relate the theories to practical fulfilling industrial requirements.

Career Prospects: The student after completing the graduation can play a wide variety of roles in both government and private sectors, such as Electrical Design Engineer, Power System Engineer, Control System Engineer, Assistant Engineer, Production Engineer, Site Engineer, Management Trainee, Component Designing and Validation Engineer, Maintenance Engineer, and many more. Electrical engineers have job opportunities with high pay packages in public sector companies such as Power Grid Corporation of India Ltd., Indian Oil Corporation Limited, Oil and Natural Gas Corporation Limited, Bharat Petroleum Corporation Limited, Coal India Limited, and National Thermal Power Corporation. They can also opt for the Indian Engineering Services, Indian Administrative Services, State Administrative Services, and Staff Selection Commission as well. The Department has an excellent track record of placements in top notch organizations, providing an average CTC of Rs. 5 Lac.

DEPARTMENT OF CIVIL ENGINEERING

Department of Civil Engineering

Department of Civil Engineering empowers its students with state-of-the-art technologies and latest labs that are at par with international education standards. All faculties are instrumental in involving students in planning, analysis, design, construction, and maintenance of a variety of structures such as buildings, highways, railways, waterways, airports, canals, dam, dock, and harbor. The Civil Engineering Department is equipped with well-organized classrooms and Laboratories such as Structural Engineering, Survey Lab, Geotechnical Engineering Labs, Designing Lab as CAD Lab, Project Lab, Material testing Lab, Engineering Drawing Labs, Fluid Mechanics, and Hydraulics Lab etc.

Department of Civil Engineering

Department of Civil Engineering, SGVU was started in the year 2009, presently offering B.Tech. M.Tech. and Ph.D degree programs. The Department actively promotes curriculum development activity by updating existing courses, developing new courses and preparing resource material for teaching. Department of Civil Engineering empowers its students with state-of-the-art technologies and latest labs that are at par with international education standards. All professionals are enriched with blend of skill, leadership and, innovation leading to awe-inspiring placements. Emphasizing the need to evolve and create the smart cities of tomorrow, the department focuses on creating professionals that become the inventors of future sustainable technology. All faculties are instrumental in involving students in planning, analysis, design, construction, and maintenance of a variety of structures such as buildings, highways, railways, waterways, airports, canals, dam, dock and harbour.

Salient Features: Some of the key salient features of the Department are state of the art lab facilities; well qualified and trained faculties; Four (4) students credited the department by getting selected as IES; Strong Positioning of alumni in Construction Industry; Very well experienced Industry Mentors for Civil Engineering Students. The students are encouraged to prepare projects of specific subject in their laboratories where teachers work together with students, which helps students to understand the concepts practically. Regular conduction of specialized guest lectures by scientist and industry experts, emphasis on Personal tutor system, and periodic conduction of Employability skill development courses as per the industry requirements.

Laboratory Facilities:

The Civil Engineering Department is equipped with well-organized classrooms and Laboratories such as Structural Engineering, Survey Lab, Geotechnical Engineering Labs, Designing Lab as CAD Lab, Project Lab, Material testing Lab, Engineering Drawing Labs, Fluid Mechanics and Hydraulics Lab etc.

Career Prospects: Civil Engineering graduates explore promising opportunities in both the private sector and public sectors. Most importantly, there is an immense scope of Civil Engineering to be employed in government sectors such as, ONGC, PWD, Electricity boards, Armed Forces, NHAI, Indian Railways, IOCL, Town Planning, BHEL etc. Ours Alumni's are working as Project Manager, Planning and Design Officer, Site Engineer, Construction Managers, Chief Engineer, Professor and Teachers, Researcher, Consultants and entrepreneur in various reputed public and private sectors. Four (4) students credited the department by getting selected as IES.

DEPARTMENT OF DIPLOMA ENGINEERING

Salient Features: The future Technocrats are shaped and groomed through rigorous and frequent activities aiming at continuous industry interaction and practical exposure such as, Class-Room Lectures, Well-equipped Laboratories, Research and Simulation, Case Studies/ Discussions, Guest Lectures, Seminars and Workshops, Projects and Assignments. Outreach programs of interdisciplinary fields and practical oriented approach are periodically conducted.

Laboratory Facilities : The department have well equipped state of art laboratories like Computer Lab, Language lab, Workshop, Fluid Mechanics & Hydraulic Machine, Material Testing, Mechanical Measurement, Power Electronics, Refrigeration & Air Conditioning, Applied Mechanics, Dynamics of Machine, CAD/CAM, Simulation & Modeling to teach, trained and update the students with latest knowledge and software.

Career Prospects: After successful completion of Diploma in Engineering course, students can either continue further Engineering studies in undergraduate level or get employment as Junior Engineers/ technicians/supervisors, CAD/CAM programmer and junior instructors in Government owned companies like BHEL, BEL, NTPC, Coal India, HPCL, ONGC, Airport Authority of India, IITs, ECIL, BPCL, DRDO and Irrigation Departments; Government PSU like UCI, NACL, NLC, SAIL, NTPC, IOCL, Power Grid, Railtel, NMDC, RITES etc. Top private sector companies hiring our Diploma holders are; Construction Firms – Unitech, DLF, Jaypee Associated, GMR Infra, L&T etc; Mechanical Engg. Firms – Hindustan Unilever, ACC Ltd, Voltas, etc; Electrical / Power Firms – Tata Power, BSES, Seimens, L&T, etc.; Communication Firms – Bharti Airtel, Reliance Communications, Idea Cellular, etc.; Computer Engineering Firms – TCS, HCL, Wipro, HP etc.; Automobiles – Maruti Suzuki, Toyota, TATA Motors, Mahindra, Bajaj Auto, etc.

Department of Diploma Engineering

Diploma in Engineering and Technology has advance curriculum that focuses more on doing than learning, hence, creating a strong link between engineers and technicians. With best-in-class labs, international exposure and, strong industry tie-ups, we create industry-ready professionals for the future. To provide thorough learning, the faculty keeps themselves up to date with the latest trends and developments. We understand that our country needs skilled engineers in every sector. To meet this growing demand, the department has set up many labs with all

required equipment with adequate space and skilled trainers such that the student would able to prove his/her worth successfully in the field of manufacturing, servicing, marketing, software and overall management of industries.

SCHOOL OF PHARMACY

The Gyan Vihar School of Pharmacy is approved by the Pharmacy Council of India and ranked 59th amongst 3513 pharmacy colleges all over the country (2023 NIRF Ranking). We have recently upgraded our assessment techniques by adding TBL (Team Based Learning) system in our curriculum where students are trained to become future leaders in pharmaceutical sciences & pharmacy practice education, training and even research. The school offers academic programs based on innovative, interdisciplinary, multidisciplinary and cutting-edge technology and provide research surge that is both translational and transformational by giving the student with guidance, resources, and collaborations.

**59TH
RANKED
AMONGST 3513
PHARMACY COLLEGES
ALL OVER THE COUNTRY
(2023 NIRF RANKING).**

PROGRAMS OFFERED

Diploma in Pharmacy

Bachelor of Pharmacy

Masters of Pharmacy

Ph.D. in Pharmacy

D.Sc. in Pharmacy

Certificate Course on
Pharmacovigilance

Certificate Course on Qualitative
Research & Research Writing

Highlights

1. Highly qualified, experienced and research orientated team of faculty members.
2. 400+ Research Publications, Patents & Technology Transfers.
3. Central Instrumentation facility included with HPLC, Dissolution Apparatus, UV Visible Spectrophotometer, Tablet Punching Machine, Fluorimeter, Brookefield Viscometer and Distillation assembly etc.
4. Machine Room equipped with Double cone blender, Tablet punching machine, Stability chambers, Filter press, Hardness apparatus etc. to perform experiments on formulation of tablets, capsules, emulsion, suspension, floating beads and liquid formulation like syrup and solutions.
5. Animal House approved by CPCSEA guidelines to quarantine the animals for conducting in-vivo experiments.
6. High end research in the field of Nanomedicine, Novel drug delivery system, Controlled drug delivery, Drug Design and Discovery, Phytochemical formulation, Pharmacological activity screening.

OUR COLLABORATORS:

- Elcon Drugs and Formulations Ltd., Jaipur,
- Ayushraj Enterprises Pvt. Ltd.,
- QREC Clinical Research LLP, Cyber-Jaya
- University College of Medical Science, Malaysia,
- San Carlos School of health care professionals, Philippines etc.

OUR TOP RECRUITERS:

- Dr. Reddys Laboratories
- Glenmark Pharmaceuticals
- Lupin
- Sun Pharmaceutical Industries
- Ranbaxy
- Mankind Pharma
- Antonpaar India
- Ozone Pharmaceuticals
- JP Biotech
- Scientific & Research Organizations of National/International repute such as DBT, IISER, NIPER, RCB, ARB, FCI, NPL, NPCIL, etc.
- Government & Private Academic Institutions IITs/ NITs/ IISERs/ CSIR Labs/ Central Universities/ State Universities/ Deemed Universities etc.

INTERNATIONAL SCHOOL OF BUSINESS MANAGEMENT

PROGRAMS OFFERED

Bachelor of Commerce (B.Com.)

Bachelor of Business
Administration (BBA)

Master of Business
Administration (MBA)

M.B.A. Executive

M.Com

Ph.D. in Management

D.Litt. in Management

OUR COLLABORATORS:

- Finplan
- Harward Business Publishing School
- Google (Digital Marketing)
- Sunstone Eduversity

Highlights:

1. ACCA (Association of Chartered Certified Accountants) certified programs
 2. Credit Modules on Finance & Accounting across all the programs.
 3. Specialized student training of SEO, Google Analytics, Ad campaigns and keyword search.
 4. Industry and academia partnership 'real world' education and 'on-the-job' experiences that make them industry-ready and relevant."
- High Placement Packages.
 - Regular Seminars & Workshops for Student Training & Placement.

OUR TOP RECRUITERS:

- Aditya Birla Sunlife AMC
- ITC
- Aditya Birla Sunlife Insurance Limited
- Asian Paints Limited
- Byju's - The learning app
- Hansa Research
- Reliance Retail
- National & International Banks, Finance & Management Institutions

International School of Business Management (ISBM) of Suresh Gyan Vihar University is striving continuously to develop the academic, intellectual, and inter-personal skills of its students. ISBM has all the modern facilities to create congenial learning atmosphere including theatre-type lecture rooms with all the facilities to make them smart classrooms. Furthermore, ISBM has a Strategic tie-ups with Harvard, Google, and Bombay Stock Exchange (BSE) to provide extraordinary learning experience and cutting – edge developmental programs to its students.

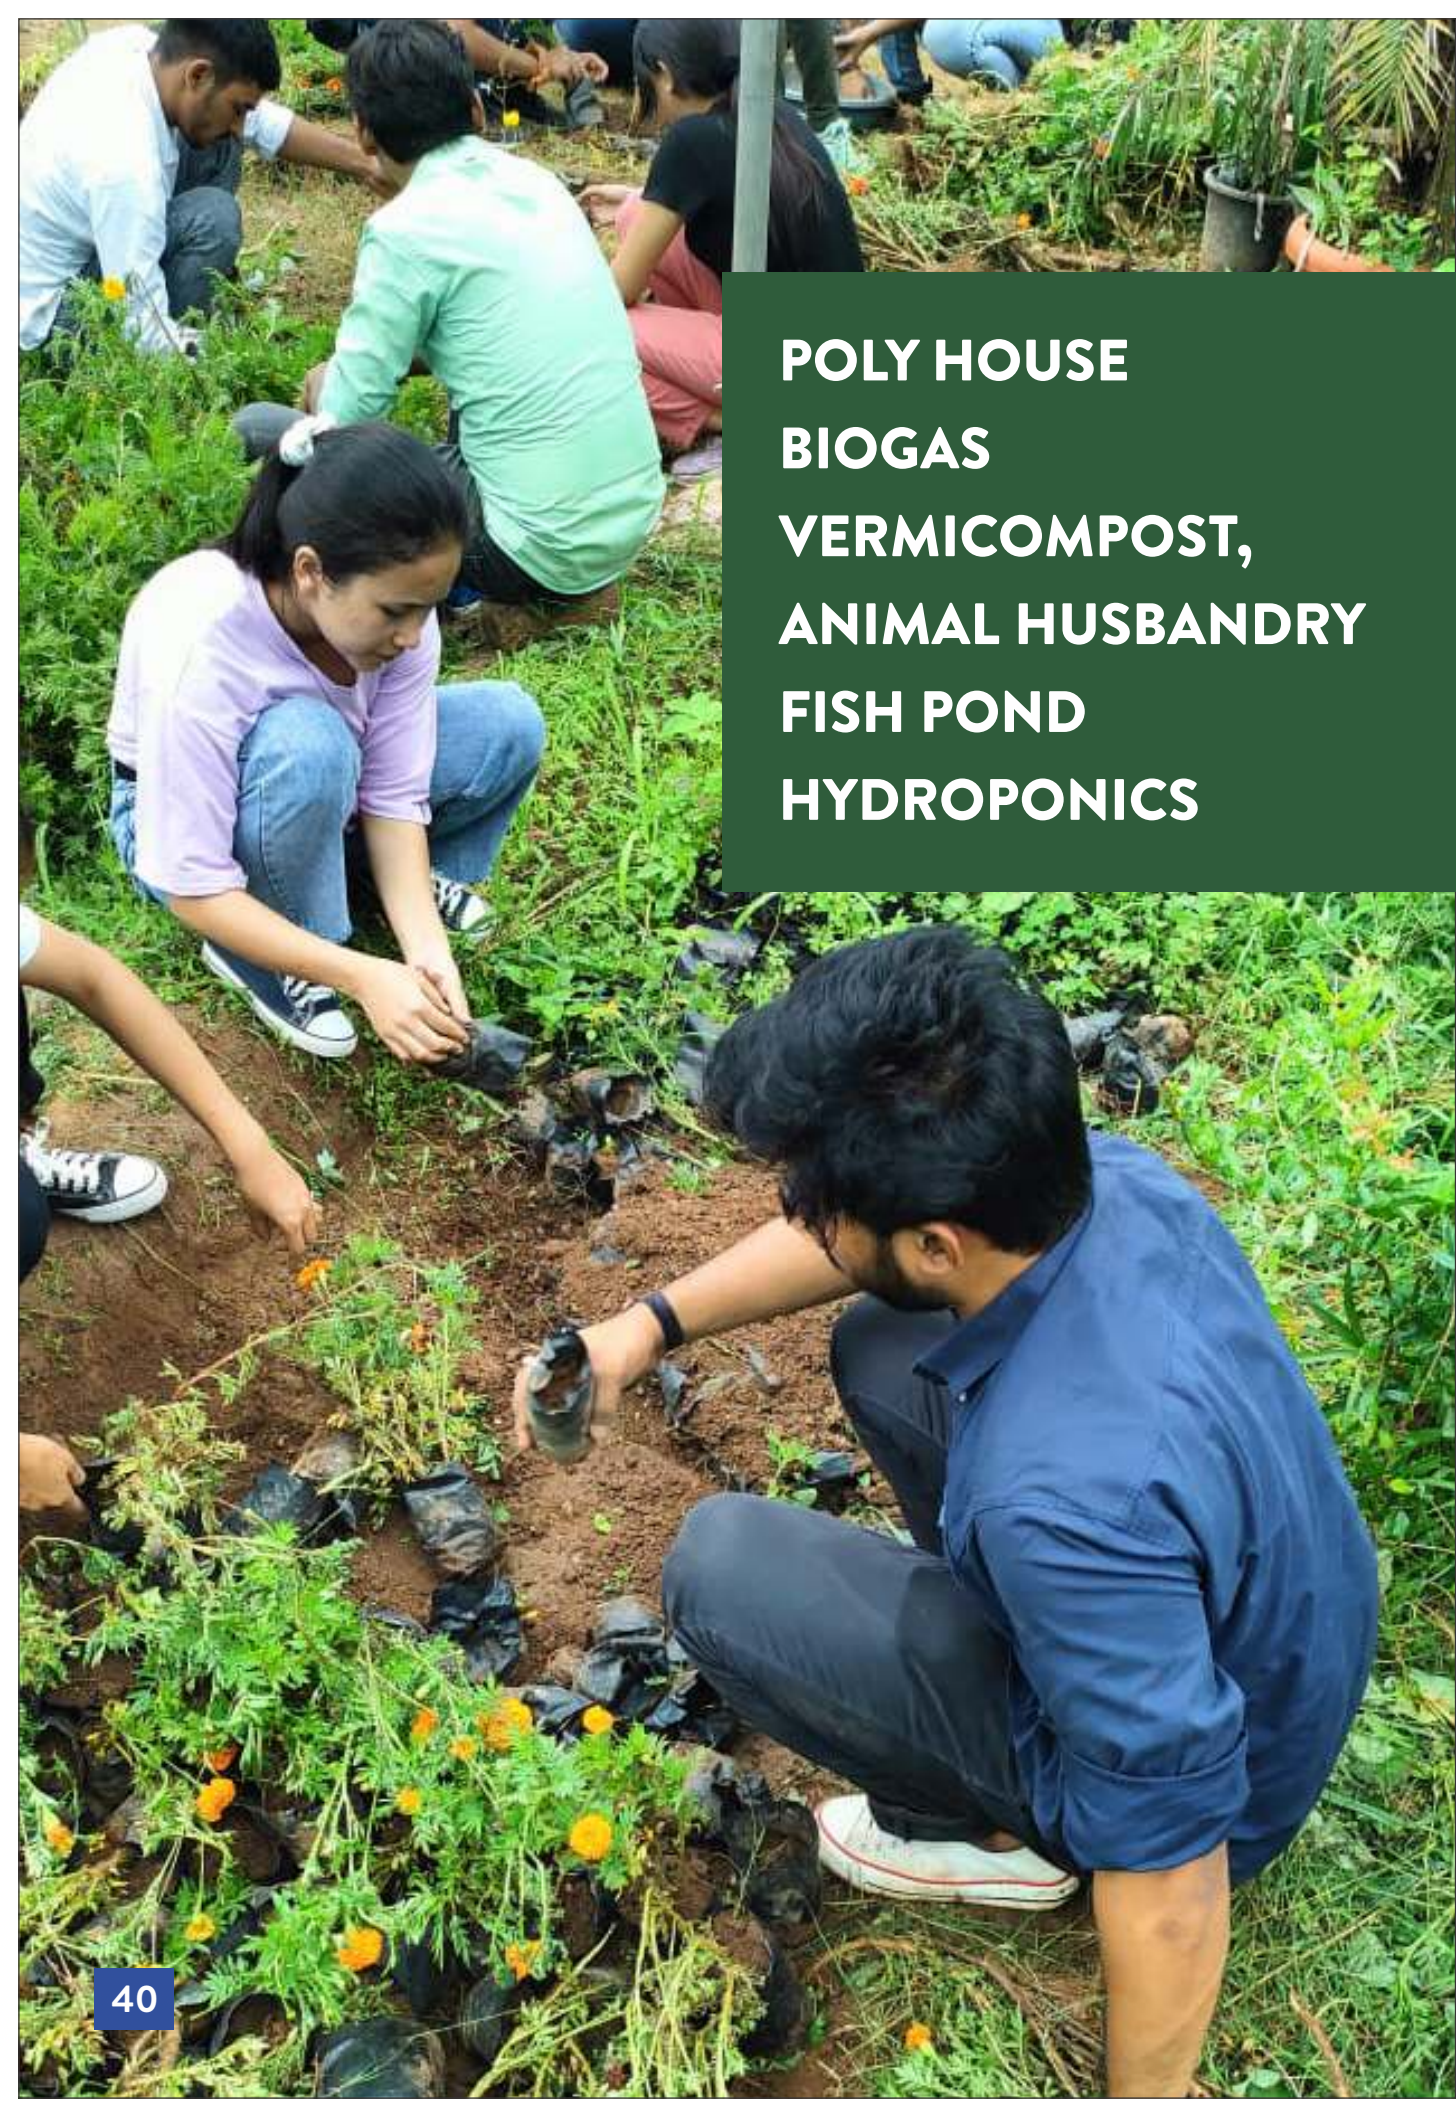

SCHOOL OF AGRICULTURE

WE CREATE
FIRST-CLASS
AGRICULTURE
BUSINESS MANAGERS
AND
AGRICULTURE
ENTREPRENEURS.

Gyan Vihar School of Agriculture was established in the year 2015 with an objective to prepare professionally competent manpower in the field of Agriculture and Allied Sciences. The School of Agriculture has been authorized to endeavour for the main role of transforming the young and energetic youth into skilled first-class agriculture business managers and agriculture entrepreneurs. It plays the role of providing the knowledge of agriculture to its students in an exceptional manner that completely changes the research and significant service and assistance by providing the skills necessary to develop farms to support the growing population and economy. Agriculture plays a critical role in the entire life of a given economy and is the backbone of economic system of a given country. We focus on preparing our students to take on the real-life agriculture related challenges by using and applying the teachings provided. The idea is to train students in different branches of agriculture, enabling them to grow their knowledge base and acquire decision making skills. Our teaching also includes “beyond the books” farm and field activities apart from the regular classroom and laboratory training.

POLY HOUSE BIOGAS VERMICOMPOST, ANIMAL HUSBANDRY FISH POND HYDROPONICS

PROGRAMS OFFERED

B.Sc. Hons. (Agriculture)

B.Tech Agricultural Engineering

Ph.D. in Agriculture

M.Sc. Agriculture

D.Sc. in Agriculture

Highlights

1. Well-maintained livestock & poultry house, poly house and hydroponic unit.
2. ICAR Based curriculum
2. Laboratories: Crop Physiology, Entomology Laboratory, Hydroponics Research Laboratory, Plant Breeding and Genetics Laboratory, livestock, Poultry Management Laboratory, Microbiology and Plant Pathology Laboratory
4. Highly sophisticated Instruments including HPLC, UV Visible Spectrophotometer, CO2 Incubator, PCR, Nanodrop and even software based on molecular modelling

OUR COLLABORATORS:

- Limagrain Pvt. Ltd, France.
- CIMMYT, Mexico,
- SKN Agriculture University, Jobner.
- Agricultural Development Trust, Baramati.
- Rudrashivam Dairy and Agri-research Pvt. Ltd., Jaipur.
- Amalda Organic Pvt. Ltd., Jaipur.
- KVK, Baramati
- Takarda, Chomu.
- Banasthali Vidyapeeth, Tonk
- Badgaon, Udaipur

OUR TOP RECRUITERS:

- Biocontrol Pvt. Ltd., Delhi.
- Kaveri Seeds, Hyderabad.
- Agroares Pvt Ltd., Mumbai.
- Thorton International, Mumbai.
- Bharat Agro Marketing and Farming Pvt. Ltd., Mumbai.

SCHOOL OF APPLIED SCIENCES

School of Applied Sciences SGVU offered the programs designed by blending core science and interdisciplinary topics that will serve as a launching pad for attractive career opportunities in academia and industry. The novelty of these programs lies in their multidisciplinary approach, strong flavor of perfection, exposure to disciplines in advanced Science and research projects. The syllabus is at par with the reputed institutes and universities under the guidelines of the University Grant Commission, New Delhi.

The syllabus is at par with the reputed institutes and universities under the guidelines of the University Grant Commission, New Delhi.

PROGRAMS OFFERED

B.Sc.

M.Sc.

Ph.D. in Science

D.Sc. in Science

Certificate course on Food Safety and Quality Control

Certificate course on Laboratory Quality Management

Highlights:

1. State-of-the-Art Laboratories - running funded projects sponsored by DST and DBT.
2. Academia Industry Linkage
3. Experienced Faculty
4. Dynamic Curriculum and Project Based Learning Methodology
5. Biotechnology Business Incubator supported by DST Rajasthan.
6. High-end Advanced Instrumentation Facility relevant to targeted Industries and the R&D sector.
7. Entrepreneurship Cell- Promoting start-ups and entrepreneurship.

OUR TOP RECRUITERS:

- Scientific & Research Organizations of National/International repute such as DBT, DST, BARC, and DRDO. CRI, CSIR, IISER, NIPER, RCB, TIFR, IISC, ARB, FCI, NCL, NPL, NPCIL, etc.
- Government & Private Academic Institutions IITs/ NITs/ IISERs/ CSIR Labs/ Central Universities/ State Universities/ Deemed Universities etc.

- **Health care sector:** Biopharmaceuticals, Nutraceuticals, Food industry, Agricultural sector, etc.
- **Industries:** Biocon, Sun Pharmaceutical Industries Ltd., Dr. Reddy's Laboratories, Ranbaxy, Mankind Pharma, Antonpaar India Ltd., Ozone Pharmaceuticals Ltd., JP Biotech, Patanjali Bio Research Institute Pvt. Ltd, Intas Biopharmaceuticals, Windlas Biotech Pvt. Ltd., Zydus, Cadilla, Eppendorf, Lupin etc.

SCHOOL OF HOTEL MANAGEMENT

PROGRAMS OFFERED:

B.Sc. in Hospitality &
Hotel Administration

Bachelor of Hotel Management
& Catering Technology

Highlights:

- Industrial Training involving practical training in four core operational departments of front office, housekeeping, food and beverage, service, and food production.
- Placement ready curriculum.
- Life beyond books
- Parents Meet
- Cooking Work Shop
- Chef Competition
- World Records
- Alumni Interaction
- Axiom Creative Cooking Club
- State of the art laboratories: Training Restaurant and BAR, Demonstration Kitchen, Advance Training Kitchen, Front Office Lab, Housekeeping lab, Bakery and confectionary, Basic Training Kitchen, Quantity Food Kitchen, Training Guest Room.
- General Manager Meets
- Out Door Catering
- Vocational Training
- 22 Weeks Paid Industrial Training

School of Hotel Management impart the skill, knowledge and documented tool to upcoming hospitality professional. It believes in achieving excellence via excellent practices, exercises and one to one effort on individual to meet the expectation of hospitality industry. Renowned faculty from the leading hotels of the country provides innovative training to the upcoming hoteliers. A course not only includes classroom study but also gives exposure by hand on work in various operational areas like food & beverage service, food production, front office and housekeeping. These courses also impart substantial knowledge about sales & marketing, digital marketing, revenue management, economics, hotel and catering law, hotel engineering, property management, entrepreneurship development, computers with special sight into tourism studies.

SCHOOL OF HOTEL MANAGEMENT

LIMCA BOOK OF RECORDS

- (A) Heaviest & Largest Shahi Tukda (700 Kg, 11 feet x 5 feet)
- (B) Biggest Roti Making. (160 kg.)
- (C) Longest Rangoli Making. (3 km.)
- (D) Longest Pav Bread (3100 cms.)
- (E) Vegetable au-gratin (560.25 Kg)
Vegetable au-gratin (560.25 Kg)
- (F) Biggest Egg Free Vegetable Pie (365 Kg)
- (G) Biggest And Heaviest Vegetable Moussaka (783kg)

OUR TOP RECRUITERS

Hotel Chains & Resorts:

- The Leela Palaces, Hotels and Resorts
- ITC Hotels
- Lemon Tree Hotels
- The Oberoi Group
- Neemrana Hotels
- The Lalit
- The Residency Group of Hotels
- Sarovar Hotels & Resorts
- Indian Hotels Company Limited
- Oyo Rooms
- The Marriott
- Radisson Hotels

Tourism:

- Goibibo.

- GoAir

SCHOOL OF HEALTH CARE

School of Healthcare deals in nurturing the future health care professionals with a significant role in health promotion and treatment of physical and mental illness. It lays a foundation to combine in-depth knowledge of the students with specialized hands-on clinical skills to assess, diagnose and treat disease symptoms, plan, and administer physiotherapy/ rehabilitation treatments independently and being a part of the multidisciplinary team with serving the society & country.

PROGRAMS OFFERED

Bachelor of Physiotherapy

M.PHIL Clinical Psychology
(Approved by Rehabilitation Council of India)

Highlights

1. Competency based Education and Training.
2. Optimal education/training to integrate knowledge, skills, and attitude.
3. Clinical exposure & trainings from 2nd year onwards by field Specialization at hospitals, OPDs and Clinics
4. Modifying environmental, home and work access and barriers to ensure full participation in one's normal and expected societal roles.
5. Industrial Visits to hospitals, NGOs, Clinics, Fitness centres, sports academy and research institutions
6. Guest Lectures from industry
7. Training and Activities like Workshops, Seminars, Educational Trips, Co-curricular Events, Incubation Projects and Community Projects etc.
8. Professional Development by activities related to Soft Skills, Communications, and Interview Preparations
9. Well Equipped laboratories: Mechanics of Anatomy Lab, Mechanics of Physiology Lab, Mechanics of Musculoskeletal & sports Lab, Mechanics of Neurology & Paediatric Lab

SCHOOL OF HEALTH CARE

CAREER PROSPECTS

- Sports physiotherapist
- Clinician
- Academic faculty
- Respiratory Physiotherapist
- Celebrity Physiotherapist
- Women hygiene & health awareness instructor
- Fitness Instructor
- Researcher

OUR COLLABORATORS:

- Bhagwan Mahaveer Viklang Sahayata Samiti.
- Re-Health Habilitation Centre.
- Shiv Gautam Hospital
- Jeevan Rekha Hospital
- Disha Foundation
- Other Tie-ups with Hospitals, clinics, & NGOs.

PHYSIOTHERAPY OPD SERVICES

Suresh Gyan Vihar University providing OPD services to students, staff and outsider/ referred patients from staff. OPD services included consultation & treatment by qualified physiotherapists.

Treatment given in OPD for various disorders like: -

- Low back pain
- Sciatica
- Ankle sprain
- Muscular Pain
- Cerebral Palsy
- Post knee replacement
- Knee pain/Osteoarthritis
- Post operative rehabilitation
- Fracture cases
- Shoulder pain
- Cervical problem
- Sports Injuries
- Paralysis
- Heel Pain

All advanced modalities & techniques applied for treatment procedures: -

- Manual techniques
- IRR
- IFT
- Ultrasound
- Muscle stimulator
- Muscle energy technique
- Bobath/NDT
- Cupping therapy
- Heating modalities
- Cardio rehabilitation exercises
- Post COVID care
- Antenatal & postnatal care

SCHOOL OF EDUCATION

The Gyan Vihar School of Education emphasizes pursuit of high ideals mainly excellence in teaching and learning, high achievement levels, all round development of personality, self-reliance, innovation, and introduction of new pedagogies, besides ensuring professional growth of future teachers and teacher-educators. We have a long history of accepting students from all over the world, and we go out of our way to make you feel at ease. Because of our fantastic location, superb facilities, and vibrant social life, your experience at school of education should be fun and unforgettable. To maintain high standards, an eclectic strategy is advocated, which includes classic as well as novel inventive teaching learning techniques helped by technology.

We maintain high standards, an eclectic strategy is advocated, which includes classic as well as novel inventive teaching learning techniques helped by technology.

PROGRAMS OFFERED

Bachelor of Education (B. Ed.)

Master of Education (M.Ed.)

Integrated Program (BA + B.Ed.)

Integrated Program (B. Sc. + B.Ed.)

Integrated Program (B.Ed. + M.Ed.)

Ph. D in Education

D.Litt. in Education

Highlights:

1. Comprehensive Curriculum
2. Science Resource Centers (Physics, chemistry, botany, zoology), Math Resource Center, Language Resource center, Educational Technology Laboratory, Educational Psychology Laboratory, Art and Craft Resource center, ICT Lab.
3. Extensive Field Attachment Program.
4. Innovative Teaching Technique
5. Industrial Mentorship

CAREER PROSPECTS:

1. State and Central Government Schools (I/II/III Grade Teachers)
2. Private Schools
3. Public Schools
4. Colleges & Universities
5. Online Tutoring
6. Opportunities to teach in coaching centers
7. Academics & Educational administrative management
8. As a Content writer
9. As an Educational counselor
10. As a curriculum developer

SCHOOL OF INTERDISCIPLINARY & LIBERAL STUDIES

School of Interdisciplinary & Liberal Studies enables students to examine the world across diverse disciplines and perspectives that add intellectual depth to their studies through Foundation Courses, Major Courses (including Interdisciplinary) and Co-Curricular Courses. The programs have been specifically tailored to provide students a blend of their interests, talents, and experience. Our major objectives are to prepare students for a bright international career by providing them a flexible degree program to impart sound insight of the liberal arts tradition.

Highlights:

1. Development of Critical Thinking Skills
2. Well Equipped Media Lab & Recording studio
3. In-house commercialized news channel
4. Compulsory Field Projects & Internship
5. Field Visits & Trainings

PROGRAMS OFFERED

Bachelor of Arts (B.A.)

Bachelor of Arts (Hons.)

M.A. in Economics

Certificate Course on
"Understanding the
Human Behaviour"

Certificate Course on
"Psychology for Health and
Well Being"

Ph.D. in Humanities

The programs have been specifically tailored to provide students a blend of their interests, talents, and experience.

CAREER PROSPECTS :

- Higher Studies at International University
- Public Relations Specialists • Journalist
- Counselling Aide • Social worker
- Human resource Specialist • Economist
- Economist • Investment Analyst
- Sales Analyst • Ministry of Economic Affairs
- Planning Commission of India
- National Sample Survey • Indian Economic Service
- Economics Researcher • Customer Profit Analyst
- Investment Analyst • Financial Information Firms
- Banks/Credit Unions • Public relations
- International Trade Companies

SCHOOL OF LAW

School of law at Gyan Vihar is designed to keep observe the Rules of Bar council of India and University Grant Commission with aims to promote and conduct legal research. School of law established with objective to encourage legal knowledge, inter- disciplinary orientation, critical legal pedagogy. We adopt critical, comparative, and interdisciplinary approach to study of law, with a motive to integrate broader vision and unique perspective. We deeply orientate the analysis of all legal, social political, economic issue through practical learning approach using following methods- drafting and pleading, client counselling, negotiation and litigation strategy, problem solving approach, and documentary review. We promote outcome-based learning through inculcation of oral communication skills, management skills, writing and drafting skills. We inculcate the deep insight of law, community leadership and civil responsibility in our students.

We inculcate the deep insight of law, community leadership and civil responsibility in our students.

PROGRAMS OFFERED

B.B.A.LL.B. (Hons.)
(Approved by Bar Council of India)

Master of Law (LL.M.)

Ph.D. in Law

Highlights

1. Air-conditioned Moot Court.
2. Innovative subjects such as GST, Forensic Science and Criminal Investigation, Medical Jurisprudence, Criminal Psychology, Media Law, International Trade Law, Cyber Law, Competition Law, Intellectual Property Rights (IPR) etc.
3. Legal Aid Cell to provide social service, legal aid, and informal legal knowledge.
4. Dedicated and well qualified faculty.
5. Students participation in various national and international seminars and conferences, debate competitions, quiz competitions, UN Assemblies and various other programs conducted by National Law Universities or premier Law institutes in India.
6. Modern high-tech Computer lab with 24*7 hrs. Internet Facility.
7. Focus on international business management, cost and management accounting, production and operation management, quantitative techniques, business strategy, the concept of MSME and start-up enterprises in entrepreneurship and small-scale business

CAREER PROSPECTS :

- Junior Lawyer
- Corporate Lawyer
- Litigator
- Advocate
- Paralegal
- Private Lawyer
- Corporate Legal Advisor
- LPO-Legal Process Outsourcing
- Indian Judicial Services

CENTRE FOR CLIMATE CHANGE AND WATER RESEARCH (C3WR)

Centre for Climate Change and Water Research (C3WR) is dedicated to a better understanding of critical scientific and social issues related to climate change and sustainable development goals through guided research. Sustainable development requires active and knowledgeable citizens and caring and informed decision makers capable of making the right choices about the complex and interrelated economic, social, and environmental issues faced by human society. The centre will cover education about climate change and sustainable development (developing an awareness of problem) and research (using Geoinformatics as a tool to achieve solution). The centre promotes multi-disciplinary research approach including earth sciences, forestry, agriculture, water resources, atmospheric sciences, physics, engineering and so on.

The centre will cover education about climate change and sustainable development (developing an awareness of problem) and research (using Geoinformatics as a tool to achieve solution).

PROGRAMS OFFERED

M.Sc. Geoinformatics

M. Tech Geoinformatics

Post Graduate Certificate
Course in Geoinformatics
(PGCGI)

Post Graduate Certificate
in Disaster Management
(PGCDM)

PhD in Sciences

Thrust Areas of Research:

- Climate Change
- Forestry and Ecology
- Agriculture and yield estimation
- Glaciology
- Hydrology and Water Resources
- Urban Environment
- Natural Hazards and Disaster Management
- Satellite Image Processing and Analysis

Highlights

- 100% Placement record
- Research Publication (Books, Chapter and Research paper) in reputed Journals
- Industry Institute Interaction
- ICT enabled classroom.
- Virtual Lab.
- Collaboration with leading foreign university.
- MOOCs and EDUSAT certified course conducted in each department.
- Career Skill Development syllabus has been included in the Academic Curriculum

JOURNAL OF CLIMATE CHANGE AND WATER

The Journal of Climate Change and Water research intends to provide an excellent scientific platform through cutting edge research to address specific topics with an emphasis on environmental and societal issues - regional / local

studies with global significance.

RESEARCH

C3WR aims to promote multi-disciplinary research approach including earth sciences, forestry, agriculture, water resources, engineering etc. In last five years, the faculties of C3WR published several research papers in various national/international journals of repute indexed in WOS, Scopus, PubMed, UGC care, etc.

LEARNING CENTRE OF EXCELLENCE WITH GOOGLE

The Learning Centre of Excellence with Google is actively committed to the continued development of pupils and is continuously working hard to achieve technological perfection. Its major objective is to expose students to new experiences and opportunities while also providing the highest academic and practical knowledge possible.

Highlights

- Establishing a well-rounded professional environment.
- Professional Development of Students.
- Enhancing student employability by compulsory training & internships.
- Advance Computer Labs with high-speed internet.
- Industrial tie-ups and collaborations.

THRUST AREAS OF RESEARCH:

- Cloud Computing, Networking
- Computer Simulation
- ICT and DSS
- Big-Data
- Software Testing
- E-Governance
- Internet of Things
- Software Engineering
- Cryptography
- Cloud Computing

CENTRE FOR RENEWABLE ENERGY & STORAGE

Centre of Renewable Energy & Storage was established with the aim of providing a platform to attain knowledge and in-hand experience in the field of Renewable Energy. The Centre is focusing on the development of solar energy technologies as well as other energy forms such as hydrogen energy, electrochemical energy, Li/Na-ion batteries and so on. The centre is working to achieve perfection in academic programs, research, professional training, and expert consultancy in the field of renewable energy, energy efficiency, provide in-depth knowledge, awareness and skills associating all together theory and practice through industry exposure.

The Centre is focusing on the development of solar energy technologies as well as other energy forms such as hydrogen energy, electrochemical energy, Li/Na-ion batteries and so on.

Highlights:

- Advanced Laboratory for research on energy storage materials
- Instrumental Facilities like glove box, vacuum furnace, electrochemical workstation, planetary ball mill, PCT system (sievert type).
- Solar power plant 240 kW capacity.
- Weather Station (SRRA-Centre for Wind Energy Technology, MNRE)
- Research Publications in High Impact Journals.
- National & International Collaborations with IITs, NITs and universities.
- MoU with Hiroshima University, Japan for student & faculty exchange program in research.
- Ongoing government research projects from UGC-DAE CSR & DST-JSPS.

THRUST AREAS OF RESEARCH:

- All Solid-State Lithium-Ion Batteries
- Lithium-Sulphur Batteries
- Sustainable High Performance Electrode Materials
- Hydrogen Storage Materials
- Hydrogen Production and Fuel Cells
- Ammonia Producing materials
- Hydrogen Compressor

DISTINGUISHED FACULTY MEMBERS

**Become a shining star of the Gyan Vihar Universe, Rajasthan
Most Luminous University Beacons**

Dr. M.K Banerjee

Eminent Material Scientist & Professor of International Repute, Former Secretary, DST- West Bengal.

Dr. Ritu Gilhotra

Among the top Pharmaceutical Scientists with high end patents, highly cited publications & technology transfer initiatives.

Dr. Ankur Jain

Highly distinguished scientist, internationally known for his research in the field of Hydrogen Energy & Li/Na-Ion Battery, Visiting Professor, Hiroshima University, Japan, Former- UGC-Dr. D.S. Kothari PDF, Former JSPS PDF, DST-Young Scientist.

Dr. Gaurav Gupta

Among Stanford University's list of World's top 2% scientists, A renowned expert of Pharmacology with more than 350 research publications.

Dr. Suraj Kumar Singh

World 2% Scientist by Stanford University with 1st Position in India & Asia in the field of Geomatics Engineering, Recipient of the Best Scientist Award from South Asian Institute of Advanced Research and Development.

Dr. T. K Jain

Well Known expert of Social Entrepreneurship & an eminent management professor.

Dr. Gaurav Sharma

Famous Microbiologist, established DST sponsored & one of its kind Biotechnology Business Incubator (BBI), highly experienced in dealing sponsored research projects.

Dr. Neeraj Kumar

Renowned Professor of Mechanical Engineering and well known for his research on Machine Design & 3D Printing.

Dr. N. K. Swarnkar

Highly experienced and passionate professor of Electrical Engineering, Known for his work on Electrical Vehicle Innovations.

Dr. Mukesh Gupta

Outstanding Professor & Scientist working on AIML applications & optimization techniques, completed various projects sponsored by AICTE, CSIR and DST.

Dr. Ajeet Singh Shekhawat

Top Notch Professor of Agricultural Sciences, known for his work in the field of Genetics & Plant Breeding, innovated new wheat & barley varieties.

Dr. Sarmad Moin

Eminent biotechnologist with high impact work on Bio prospecting of Medicinal Plants & Plant Biotechnology.

Dr. Amit Sharma

Cricketer turned Web developer, now a Social Media Influencer, Amongst top digital marketers, recently listed into Limca Book of World Records for launching 500+ websites in a day.

Dr. Yogesh Kumar Sharma

Prominent Management Professional & Expert on various accreditation committees.

LIBRARY: HOUSE OF WISDOM

Suresh Gyan Vihar University has one of Rajasthan's largest, most well-equipped, and well-stocked libraries, named as "House of Wisdom".

Vision:

To serve as main source of knowledge transformation and transmission, and enrich the knowledge level of society.

Mission:

To collect and compile new knowledge through acquisition, organization and dissemination of knowledge resources and providing value added services to the community of the university as well as to the society.

HIGHLIGHTS:

International architecture with beautifully designed reception area.

Well trained library staff to help bibliophiles in searching information.

Surveillance system with 32 cameras.

Two IT enabled BODHSHALAS (reading rooms).

Separate sections for gifted and donated books, rare literature books, braille books

Lift, escalator, and ramp facilities available.

Time: 09:00 AM - 09:00 PM (except Holidays).

Fully automated bar-coding system and other multimedia services powered by KOHA (Library Management Software).

DELNET, E-SHODHSINDHU & other e-resources.

FULLY AUTOMATED LIBRARY (HOUSE OF WISDOM)

Automated Library

Digital Library & e-Corners

Computer System with
KIBO Scanner

- Fully Digitized.
- Remote Access.
- One Lac square feet area.
- Seating Capacity up to 500.
- Books: 1,00,000+
- E-Journals: 1000+
- Timing: 09:00 AM to 09:00 PM (except holidays).
- Alumni Book Bank
- Indian Traditional Knowledge Corner
- Braille Books

FULLY AUTOMATED LIBRARY (HOUSE OF WISDOM)

GRANTH SHALA: Institutional Digital Repository (PhD Thesis & M.Sc./ M. Tech. Dissertation).

Web-Aggregator for research related database search.

Case Studies- HBPS

Journal-Gate Access

Subscription of Quillbot & Chat GPT-Pro

Beautifully designed “BODHSHALA” (Reading Rooms) inaugurated by Padam vibhushan Hon’ble Dr. R. A . Mashelkar on Oct 8th 2016. Two IT enabled BODHSHALAS” are available at each floor where reader can easily search book or study material (Printed & Non – Printed) of his own choice through computing technologies and internet. 50 readers can sit together at a time in each BODHSHALA.

RESEARCH & DEVELOPMENT

Suresh Gyan Vihar Institution (SGVU) is an NIRF (Year 2023/150-200) ranked research-intensive university and has prided itself on having the finest research standards in the country, with world-class eminent faculty members. Publications, intellectual property rights (IPR), research-based course curricula, university research guidance, and the number of students enrolled in PhD programmes all show the University's research excellence. The SERB, DST, DST-Rajasthan, RRECL, DoITC-Rajasthan, and other agencies have provided research grants under various schemes to faculty members and students. In the NIRF ranking of the year 2023, the University is listed in the NIRF rank band 151-200.

HIGHLIGHTS:

- More than 3000+ research articles and book chapters in various national and international journals of repute like SCI, Scopus, NCBI, and UGC indexed journals with very high citations.
- Cumulative Citation of the SGVU Team is more than 10012.
- Cumulative H-Index 38.
- Cumulative i10 index 267.
- 6 International Journals Publication by SGVU (Converging Technologies and Management, Pharmaceutical Science, Management, Engineering & Technology, Economics, and Renewable Energy and Climate Change)
- 2 Research Newsletters, "Shodh Srijan" and "Marketing and advertising research laboratory (MARL)"
- 52 patents and 34 Copyrights.
- 17 copyrights application granted under the copyright act
- 2 Technology Transfers.
- Major Government Research Projects are:
 - (i) Solar Radiation and Weather Station by Ministry of New & Renewable Energy, Government of India
 - (ii) DST-Rajasthan Government-sponsored Biotechnology Business Incubator
 - (iii) 240KW Solar Power Plant under Green Energy and Climate Change by Government of India.
 - (iv) Hydroponics Agriculture in association with Industry "HumariKrishi"
 - (v) Controls & Automation by Bosch-Rexroth
 - (vi) DST SERB sponsored SRG project.
 - (vii) DST-Rajasthan Government-sponsored projects on Nanotechnology and Nano-based products
 - (viii) Department of Information Technology & Communication - Rajasthan Government-sponsored projects on E-Cell Incubation Centre
 - (ix) Energy Storage
 - (x) Green Building.

RESEARCH INFRASTRUCTURE

Suresh Gyan Vihar University developed Research Infrastructure for uplifting in collaboration with Government and Non-government organisations. SGVU and DST-Rajasthan developed the Biotechnology Business Incubation Centre to support entrepreneurs. University Central Instrumentation Facility (CIF) maintains many sophisticated instruments for students and research scholars. Many research scholars from SGVU and also from outside are utilising instrumentation maintained in the CIF for Research and development on various thrust areas.

INTELLECTUAL PROPERTY RIGHTS CELL

- Established to bridge between academic activities and ever-dynamic requirements of the university and industry.
- Collaboration among academicians-industrialists to develop state-of-the-art manpower for socio economic development under the present competitive global scenario.
- Awareness and opportunities amongst young guns to provide them competent career choices by IPR awareness workshop, Industry Training program, Industrial cum research Projects, Industrial Visits, Guest Lectures, Workshop, Conferences, Seminars, Case Studies, and Research Work.
- Filed more than 240+ patents/copyrights.
- To nurture large groups of faculties working on transformational technologies that have the potential to address the societal challenges faced in India today with regard to water, energy, healthcare, housing, education, agriculture, irrigation, digitization etc.

INCUBATION CENTRES

BIOTECHNOLOGY BUSINESS INCUBATOR

The Biotechnology Business Incubator is aimed to promote start-ups and entrepreneurship in the production of Biotechnology, Agro biotech, Nano-biotechnology, Fermentation technology, phyto- pharmaceuticals, Renewable energy and Social Entrepreneurship. The incubation centre provide opportunities to students enrolled in different programs of School of Applied Sciences to attain hands on training of sophisticated instruments via workshops and training modules.

BIOTECHNOLOGY BUSINESS INCUBATOR

SGVU Biotechnology Business Incubator in Suresh Gyan Vihar University is a promising feat to foster innovation, research and entrepreneurial activities supported by Department of Science & Technology (DST), Govt of Rajasthan. It was established in 2018 under the umbrella of Trust - SGVU -Ecosystem for Innovations and Entrepreneurship. The biotechnology incubator aims to provide infrastructural facilities to start-ups and incubations to facilitate development and commercialization of biotechnology-based products.

Suresh Gyan Vihar University has a cutting edge setup of Biotechnology Business Incubator that was a result of the alliance of the Department of Science & Technology (DST), Govt of Rajasthan, and Suresh Gyan Vihar University Jaipur to encourage and promote transformation, research, entrepreneurial activities combined with a research-driven interest in courses offered by School of Applied sciences viz biotechnology, microbiology, virology & immunology, and forensic sciences. Bio-incubation empowers and equips the prospective of startups by postulating ingress towards the startups could use during their fledgling days. We specially focus on the idea of a biotechnology startup environment in India.

INCUBATION CENTRES

ECOSYSTEM FOR INNOVATION AND ENTREPRENEURSHIP

Ecosystem for Innovation and Entrepreneurship is established to promote entrepreneurship culture amongst students through Entrepreneurship Awareness Camps, Entrepreneurship Development Programmes, Business Plan Competitions, interaction with entrepreneurs and creating a mentorship scheme for student entrepreneurs. The cell focuses on to

create an awareness on the needs and significance of Entrepreneurship as career option among students and to inspire the students to start the small and medium size enterprises, which offer better potential for employment generation and self-employment. This way the EDC at one stroke creates a win-win model for students as well as Industry. Entrepreneurship development cell bridges

the gap between ideas to the market product. Entrepreneurship development cell has taken a greater responsibility to generate the entrepreneurship skills among the students and to help them to channelize their goals to become a versatile entrepreneur. EDC Supports businesses and innovators as they develop, launch, and commercialize their ideas and motivate the students to bring out their latent spirit of Entrepreneurship. Besides the above, EDC strives to narrow the gap between

INCUBATION CENTRES

THE OPPORTUNITY LAB

SCHOLARSHIPS

The freeship and scholarship program aims to recognize and reward exceptional academic achievements, as well as provide assistance to meritorious students with limited financial means.

Suresh Gyan Vihar University Freeship/Scholarship

Suresh Gyan Vihar University has announced a remarkable initiative to provide financial assistance to deserving students pursuing higher education in collaboration with Sahitya Sadawart Samiti, Jaipur.

As an esteemed sponsoring body, Sahitya Sadawart Samiti, Jaipur has generously consented to bear the remaining cost of education for a number of students enrolled at Suresh Gyan Vihar University. This invaluable support from Sahitya Sadawart Samiti has enabled us to extend numerous freeship and scholarship opportunities to bright and deserving individuals, who might otherwise face financial barriers in their educational pursuits.

The freeship and scholarship program aims to recognize and reward exceptional academic achievements, as well as provide assistance to meritorious students with limited financial means. The selection process will be rigorous and fair, ensuring that the most deserving candidates are chosen to receive these valuable benefits.

The details of freeship/scholarship to the Indian National students for the session 2023-24 under schemes are as mentioned below:

(1) Acharya Purushottam Uttam Fellowship (Freeship) (Number of Seats: 25)

OUR ALUMNI

Saleha Sumbul, Management Head, Al Fattan Properties Dubai

She is a Strong real estate professional with MBA degree from International School of Business Management of Batch 2014 – 2016, was a University Topper - Gold Medallist. Her Experience in Property Administrator with a demonstrated history of working in the real estate industry make her expertise in Operations Management, Facility Management (FM), Customer Relationship Management (CRM), Asset Management, and Administration.

Capt. Rajat Ranu, Indian Army

A communicator, Influencer and a Patriot. Rajat always had clarity of thought, knowledge, confidence, courage and conviction in himself and his goals. When he joined SGVU he said, “Real time exposure was immense throughout my duration with the University. It made me realize that the learning environment makes the biggest difference in life”. Rajat joined SGVU in 2011 in B.Tech - Electronics & Communication. While studying with us, he started preparing for his ultimate goal - The Indian Army. He took rigorous physical training apart from studying to keep the stress out and be fit.

Mr. Shubhankit Rana, Business Manager, OYO

When he applied for engineering, he did so out of love of solving problems and facing challenges. According to him, his overall learning experience during his graduation days of Engineering was excellent in Suresh Gyan Vihar University – the academic staff, the resources and his fellow students of B.tech Mechanical Department were very innovative, enthusiastic and supportive. As expected of a graduate programme, there was a lot of emphasis on self-study, with actual teaching for each module running for about six hours a week. It was also the first time that he came across the largest collection of books– The House of wisdom (SGVU), perhaps the most significant aspect of this learning experience is how greatly it increased my fondness for books and reading skills.

Ms. Poonam Mahendra - Drug Control Officer, Govt. of Rajasthan.

Ms Poonam Mahendra was most promising student of B. Pharmacy 2011 Batch in Suresh Gyan Vihar University, Jaipur. She has left medical career for persuing her career in Pharmacy field, she was always skilled to become a pharmacist. She had this quality into herself that she served pharmacy with her unique potential . She completed her Post Graduation from SGVU and then joined and served Gyan Vihar in teaching field. She is one of the proud alumni of SGVU being selected as Drug Controller Officer. During her college days she was keen and inclined towards analytical research and Communication skills.

Manish Chowdhary, IAS , Ministry of Defense (Finance)

Coming from a middle class family, Manish had always dreamt of working for the Government of India. His father started preparing for his dreams. In spite of several challenges and other economic conditions didn't stop him from encouraging his son to pursue a career in the most beloved job in the Indian society. Manish excelled in studies from the very start and landed in SGVU. Driven by a strong will, he used to study 12 hours a day straight for two consecutive years while preparing for his UPSC exam.

Jyotsna Kumra Hyatt, Ahmedabad Commi Chef BHMTT

Jyotsna joined us in 2014 with a vision to succeed in the industry of Hotel Management. Remembering her time with us, she adds, “Time was so different then! I was so naive with less knowledge and exposure to hospitality. The faculties served as a springboard to help me enter the world of hospitality.” Right after completing her degree, she got placed in HYatt, Ahmedabad as a Commi Chef where she has received several awards and recognitions. Her dedication to her dream job has paid for all the hard work.
